

Project Overview and Planning

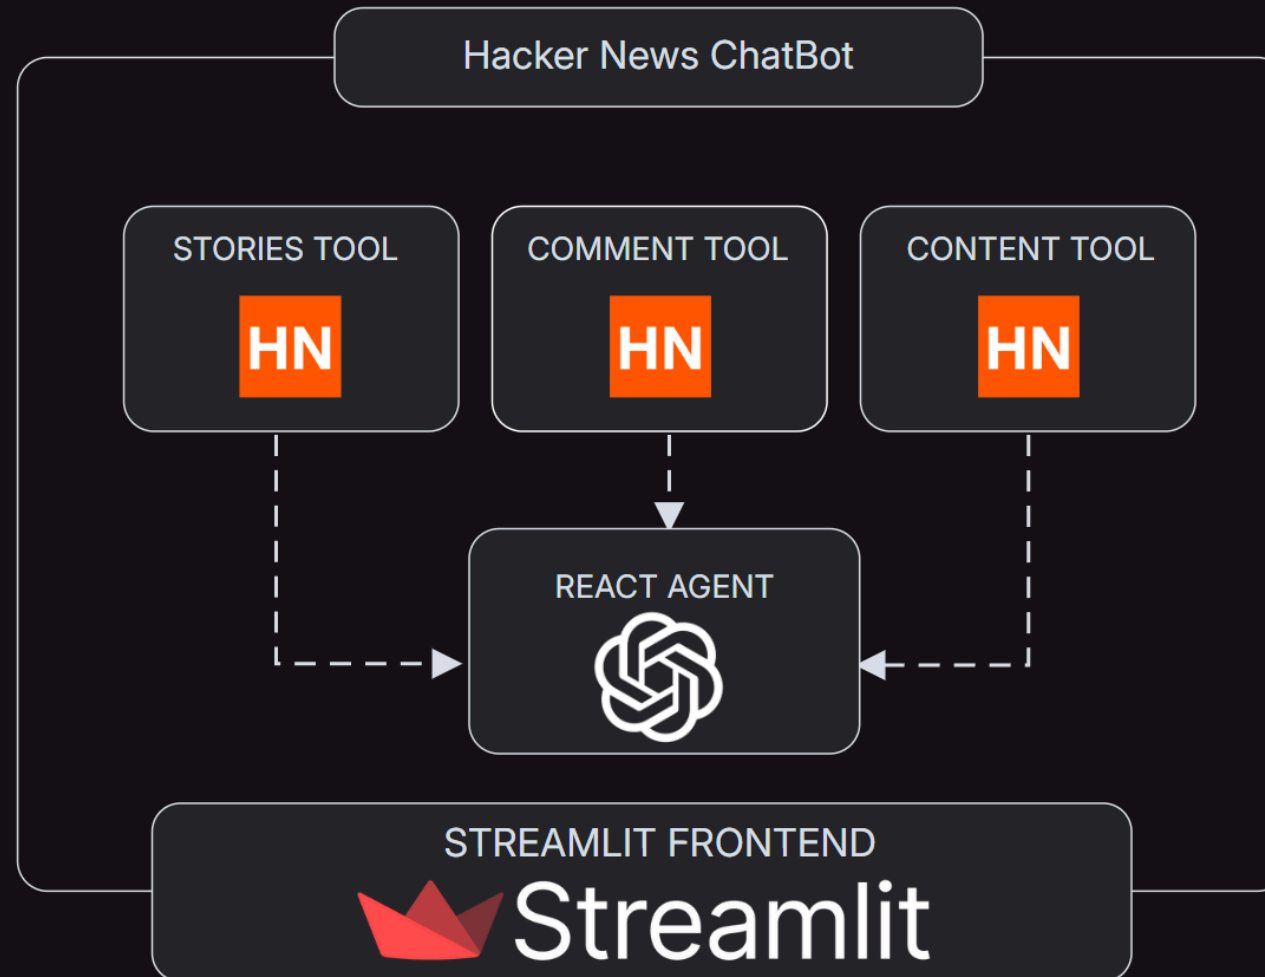

Miguel Otero Pedrido

Senior ML / AI Engineer at Dressipi

Founder @ The Neural Maze

Real-world AI Agent

Project Overview

Build a Real-World Agent that's going to interact with Hacker News in Realtime

We will implement 3 Tools:

Tool 1

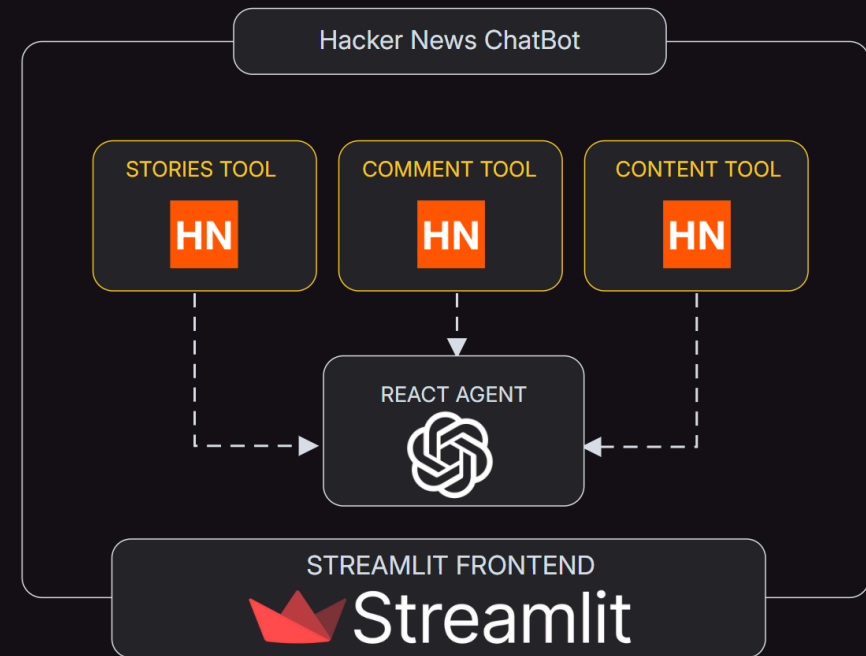

Fetching Hacker News stories

Tool 2

Analyzing comments for each story

Tool 3

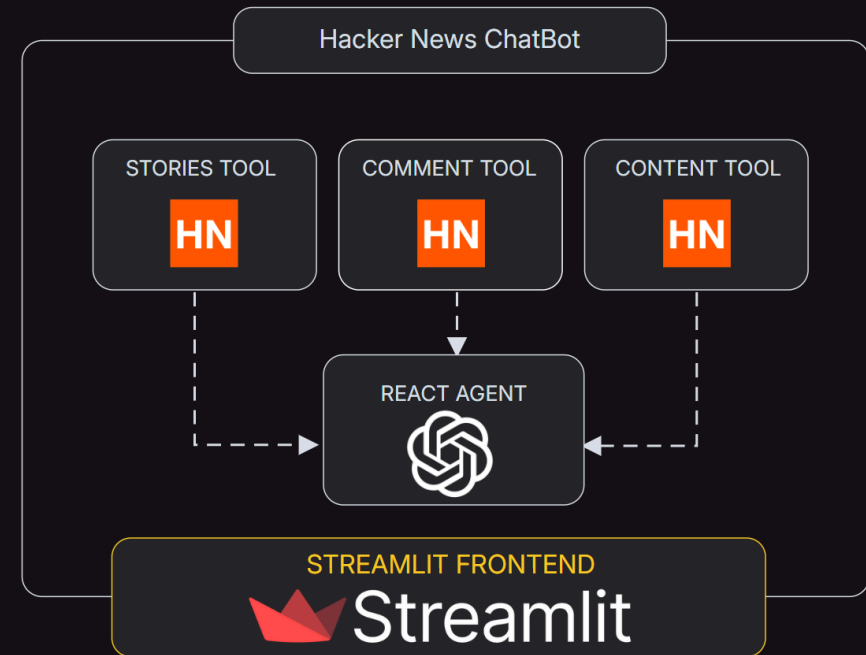

Analyzing the story's content (articles, blogs, etc.)

Project Overview

Build a Real-World Agent that's going to interact with Hacker News in Realtime

*Finally, we'll implement a frontend interface using Streamlit.
This interface will let us chat with the agent.*

Thanks
