

Building the ReAct Loop from Scratch

Miguel Otero Pedrido

Senior ML / AI Engineer at Dressipi

Founder @ The Neural Maze

ReAct System Prompt

- Similar to the Tool Pattern, the ReAct technique requires a System Prompt.
- This prompt describes the **ReAct loop**, ensuring the LLM knows the three operations it can perform.
- *Let's explore this further in the Colab notebook!*

Building the ReAct Loop from Scratch

- Now, it's time to define the Tools
(using the tool decorator we implemented in the previous lesson)
- Understand the ReAct loop:
As to how **Thought** → **Action** → **Observation** is implemented

Thanks
